Explore Africa with National Geographic's Experts

Africa abounds with incredible sights, from soaring sand dunes to savannas teeming with wildlife. Experience the continent's many wonders with our experts on trips to [Tanzania](#), South Africa, Botswana, Rwanda, Morocco, and more. Witness the annual wildebeest migration on safari in the Serengeti, or explore the sun-washed cities of Morocco through your camera lens. In Tanzania, spot lions, elephants, giraffes, and more on a thrilling [family safari](#). On many of our Africa expeditions, we arrange visits to National Geographic-sponsored research sites and talks with scientists in the field.
